ABOUT SHYAMAL GROUP

Since the beginning, we have been following a single thought process. "Being a part of REAL ESTATE business, we must convey the REALITY through our projects." We have gained a lot of experience by constructing more than 65 residential & commercial projects over an 8,50,000 sq. ft area across the city. In a few of our projects, we got associated with other construction groups like Shilpan & Gunjan.

WELCOME TO

Shyamal
INDUSTRIAL PARK

The whole world is aware, of how much bigger Rajkot is as an industrial hub. And nothing would be a better scope to have all such industries working together to uplift the opportunities. So, here we are coming up with Shyamal Industrial Park, which would be the connectivity to many such industries.

ENTRY GATE

One benefit grabs another, and here, there are plenty of benefits in terms of transportation modes and resources, and due to such resources scopes get to turn into hopes.
